NAME OF INSTRUCTOR : Pendo Bigambo
POSITION AT UNIVERSITY : ASSISTANT LECTURER
COURSE AT KCoST : TX003: **TEXTILE PROCESSING ROUTES**

The main purpose of my KCoST visit was to organize the textile stakeholders' workshop that was held on the 13th of April 2012. This included looking for the workshop venue, workshop caterers as well as accommodation for the participants. My purpose was fulfilled for I managed to get all the details that I planned to get.

1. Teaching of the KCoST students was the other aim of the visit, where I covered one topic of Textile processing routes and then,
2. Introduced the second topic, Textile supply chain (New Topic).
3. I also gave the students a number of quizzes and tests so as to make sure that they did understand what I and the tutor who is permanently delivered.

Apart from organizing the workshop and teaching, I also did a number of administrative works, including interviewing the Cleaner who was then hired after my visit as well as procurement of cleaning equipments/materials for the college.
